Palette appointed "Company of the Year" in Nacka

Palette has won the prestigious award "Company of the Year" in the Nacka region in tough competition with some of the big companies listed on the Swedish stock market. The prize ceremony was held at the Nacka Company conference in Nacka. Palette is the market leader in electronic invoice processing on the Nordic market and the product Baltzar Business Arena, make the whole purchase to pay process more efficient.

The jury statement for the award was "Palette has developed a solution which makes the economic and administration processes more efficient for both small and large companies. Palette offers fixed prices which is unique for the business. Palette is the market leader in Sweden and during 2005 and 2006 Palette established customers in more then 30 countries all over the world"

- I am proud to receive such a prestigious award and I am happy on behalf of my staff, our customers and partners. It is an important acknowledgement for us. We manage to expand our business and still have hold focus on satisfied customer. Last year we hired 15 new employees and got almost 100 new customers, which is almost a third of the market in Sweden last year says Lars-Ola Petters CEO, Palette.

Palette Software & Consulting AB was founded in 1993 and is a fast-growing vendor of software that supports the accounting and administrative processes. Palette offers know-how and software to make work flows more efficient and is the market leader in Sweden in electronic invoice processing with its own product, Baltzar. Palette also offers IT management ranging from strategy and systems development to day-to-day operations and maintenance. Palette has offices in Stockholm, Eskilstuna and Malmö with sales throughout Scandinavia and Europe, and today has 50 employees and an annual turnover of MSEK. Palette was named "Partner of the Year" in 2004, 2005 and 2006 by ReadSoft. For more information about the company, visit www.palette.se

Årets Nackaföretag
