

Press release
26/04/2007

Selecta select Palette

The International vending services Group, Selecta chooses the swedish software company Palette as a partner for electronic invoice processing.

Palette Software & Consulting AB is the Nordic leading supplier of software for Electronic invoice processing with its own product – Baltzar Business Arena – which makes the whole business process, from purchase to pay, more efficient.

Selecta is one of Europe´s largest vending services company with about 5000 employees in 25 countries. Annually Selecta will process almost 500 000 invoices in Baltzar.

– We evaluated almost all the solutions on the market before we selected Baltzar. We needed a system which could integrate with all our different ERP´s. An essentials part is the international standard and the systems ability to function in all our 25 countries. Another major advantage with Baltzar is its user friendliness which makes it efficient and easy for our employees to work within the system explains Per Ekstedt CFO Selecta Nordic.

– We are pleased Selecta chooses us as their supplier. Most of our customers realize the importance of user friendliness and how it contributes to corporate productivity and efficiently says Lars-Ola Petters, CEO Palette.

Selecta is the largest European vending operator with 150,000 points-of-sale across 25 countries, with revenues over €700M. Selecta serve over 5 million consumers every day at the workplace or on the go and employ over 5000 people in 250 Selecta branches. Selecta offer food and beverage vending in all genres of business segments. Selecta is a part of Compass Group, one of largest foodservice company in the world and listed on the stock market.
